

A new initiative to beautify our library!

As part of its long-range plan, the Library strives to be the premier cultural destination for Palm Harbor. In order to encourage a focus on the Arts, the Library is undertaking a new program: Local artists are invited to “adopt” a table and paint it. The result: Functional Art for the community, exposure for our artists!

Interested artists are encouraged to visit the Children’s Room for an application. Supplies will be provided for artists, and tables will be protected under glass.

Table Sizes Available:
